Currently they are working with the DIO to take over some office accommodation on H site, and latterly will also be looking at a wider use of A site – including offices, training and some logistics.</p> <p>All plans will need planning permission, so there will be full involvement of local communities, but the team is also keen to understand local concerns , and plan with these in mind.</p> <p>The HS2 Act has identified the A41 as a major HGv route, and lorries travelling to the MOD sites will be routed along the B 4011.
